

Mp3 Barely White - Eyes Wide Open

[DOWNLOAD HERE](#)

funky, bluesy, melodic 6 MP3 Songs ROCK: 70's Rock, ROCK: Classic Rock Details: What people are saying: "Barely White plays silky smooth and dynamic soul music that boasts immaculate original interpretations of sweaty, smile-filled funky R&B that would make Al Green blush. Barely White blends blues, rock, funk, and R&B and it all makes for a party-time on sticky, beer-stained floors. Tune in, turn it up and live on!" Bruce Bodeen, president NotLame Records "Nice record man! Sounds like you did a good job of getting it all done. Nice smooth sound and overall good performances. This should raise the profile of your group a good bit!" John Plymale "Congratulations. I had no idea you were such an accomplished singer. One of my biggest 'complaints' about local bands is the fact that the singers can't sing. NOT A PROBLEM WITH YOU GUYS! " Chris Demm WKRR Greensboro ROCK 92
