Soulful traditional country that will touch your heart, with a hint of some Patsy Cline style. 10 MP3 Songs

COUNTRY: Traditional Country, EASY LISTENING: Love Songs Details: Carmen is the newest country music singing sensation; singing her Traditional country music on the Texas Drover Record label. With her renditions in the true Patsy Cline style, as well as some upbeat tunes, it is clear to see how her music touches the heart. During her early years growing up in New Jersey, she always dreamed of becoming a singer, and took part in talent shows at school. She moved with her family to Colorado in 1980; where she was introduced to Karaoke one night, and got the singing bug all over again. She moved with her family to Arizona in 1993, where she continued to gain more singing experience. Carmen started entering city contests in the Greater Phoenix area (of which she had won a few). At one of those auditions she met Jim Day. He was the local 'Elvis' impersonator, and he loved how she sang. He formed his own entertainment company, "J.D.S' Legendary Stars In Review" and asked her to join his Entertainment Company. That was back in the spring of 1999, and as they say, 'The rest is history'. Her number one idol is the legendary Patsy Cline; and her songs and style inspire her own music.
