

Mp3 Chavous - Life Without Limit

[DOWNLOAD HERE](#)

Chavous is forging a new style of hip-hop/jazz. She cannot be pigeon holed into one genre. She is daringly creative and inspired by the sound around her. Her influences ranges from Philly's own Jill Scott to Maroon 5. 12 MP3 Songs URBAN/R&B: Soul, JAZZ: Jazz Vocals Details: With a poignant and conscience style all her own, Chavous has burst onto the underground scene in Philly blending a unique cross-section of soulful tones and esoteric rhythms along with the elements of gospel, jazz, R&B, and classical music into a distinctive style that challenges the listener to take a moment for self-reflection and acknowledgment of the power within. With songs that speak of positive self image, happiness, freedom, love, joy and self-empowerment, Chavous is carving a niche for herself as the fully conscious voice of the soul movement. Her voice is light and airy one moment, deep and broad the next. Angelic in its range and soothing in its promise, it threatens to usher in a new standard in the American music industry. On the precipice of releasing her first studio project, she is a fresh, new eclectic voice known quite simply as: CHAVOUS
