Happy Hell Morphium/The Pataloop Both available on CDbaby Datura 1.0 is a Noisescape/Dark Ambient musician and Artist/Designer During the 80's and early 90's Datura 1.0 played in local Minneapolis Noise trickster bands, amoung them Duck Kicking Vulture and Cancer Bunny. Datura 1.0 became discouraged with music when the last band broke up and spent much time exploring different consciousness changing skills like Magick, Shamanism, Meditation and Lucid dreaming. After a period of time, his attention was drawn back to music via his interest in computer generated art. Datura 1.0 now is exploring the trance/consciousness changing aspects of sound construction . Datura 1.0 uses computers and custom modified childrens sound making toys and modified keyboards as well as more conventional instruments like electric guitars .
