String-driven rock/art songs: Often Compared to Sigur Ros 11 MP3 Songs ROCK: Progressive Rock, ROCK: Modern Rock Details: Kirk is primarily known for his critically acclaimed oil paintings. Check those out at the official website. "As for the album, it's has been compared to Sigur Ros and Ben Folds, although I haven't heard a lot of their music as of yet. Mostly the songs are: mellow, contemplative, semi-moody, good string arrangements, simple rhythm guitars, some piano. We just finished production on the first music video. That should be accessible soon on the jkirkrichardswebsite. Starting production on the second music video and the second CD. I think they're both going to be pretty cool. Definitely a step up technically from the first. My favorite songs on the album are "Walk" and "Ladispoli." Everybody I talk to likes a different song on the album, which means there's not only one or two good songs--they're either all good or all crap or they're all somewhere in between. Thanks for visiting."
