

MP3 Jake Hawken - Fragments In Abstract

A funky, dancy collection of soulful grooves and honest lyrics. 7 MP3 Songs ELECTRONIC: Funk, POP: Pop Underground Details: This album is the product of my fairly recent obsession with electronic music. I had a merely oblique appreciation for it until a few years ago, a good friend (Jasinski who does the remixes on tracks 6 and 7) introduced me to Squarepusher, Zero 7, and Mr. Oizo. From there, my love affair with electronic music spiraled throughout the various flavors of electronica, from trip-hop to drumnbass, to experimental and ambient. Friends have many times asked me to describe my sound on this project. The best description I could come up with was funky electronica, but recently a buddy said it was like Trent Reznor but with less rage. Either way, I had a ton of fun putting this project together and hope you enjoy listening to it in even a fraction of the amount that I enjoyed making it. -jake People who are interested in Nine Inch Nails Fiona Apple Jamie Lidell should consider this download.
