Guitar-heavy, folk-inspired rock/pop music. British influences like Pink Floyd, Queen or even U2 mixed with american folk rock (CSN, Eagles), sung with 3-part harmonies and played with feeling and drive. 12 MP3 Songs FOLK: Folk-Rock, ROCK: Classic Rock Details: Llevelynn plays guitar-heavy, folk-inspired rock/pop music. British influences like Pink Floyd, Queen or even U2 mixed with american folk rock (CSN, Eagles), sung with 3-part harmonies and played with feeling and drive. Its hard to find a category for this sort music, just as hard as finding an answer for whats the meaning of Llevelynn (its probably gaelic, misspelled and pronounced completely different). Thomas Schuber is the musical leader of Llevelynn. For the year 2000 debut Unquote he wrote all songs, played all instruments except for drums. These were played by Klaus Braun-Hessing. 2003 Roll followed in almost the same fashion. It did not only bring more variety into the music but also enough songs for serious stage work: six other musicians joined for playing at the Nuremberg Bardentreffen (the largest FREE music festival in Europe). Now (2007) Llevelynn grew from being a singer-songwriter studio project to a real band. Marcus Dotzauer, leader of the Nuremberg Band Feel Free, now plays the bass (Or guitar. Or keyboards. Or ...) and Jens Kortus took over on drums. Now those who think a traditional rock trio cant do Llevelynn songs on stage (ok, we like our multitrack!) might be surprised :).
