Beautiful pop noir 5 MP3 Songs POP: with Live-band Production, ELECTRONIC: Trip Hop Details: With songwriting that's a little bit quirky, a little dark and a little dancey, and a mood that falls somewhere between Bjork, Feist, a Matisse painting and Blondie, Sparrow is pretty neat-o. Sparrow's silky moody sound consists of sputtering beats, minimalistic bass lines, spacious guitar texture, soothing rhodes, and a voice and personality that are both as subtle and sensual as they are omnipresent. Although Sparrow was barely formed in Jan of 2007, they just released their debut EP VIEW, and Christine, the primary songwriter just got invited to affiliate with SESAC. Members of Sparrow have shared the stage with many musicians and acts, some of which include Cat Power, Lotus, Managerie, The Old Silver Band, Flutter Effect, Yellowman, de Sol, Bill Belemy and Amy Bowles (Sam Kinner Band) Marianne Solivan, Tom Arey (Akashik Record) Jerney Kizina and Pat Ormiston (Japhy Ryder), Audrey Ryan, Jenn Taranto, Emilia Dahlin Annie Lynch and the Beekeepers, The Motion Sick and Alex Ratus.
