Details: Propelled by teenagers Jack (mandolin) and Katey (fiddle) The Dwyers recorded 20 songs that deliver their trademark blend of high-energy bluegrass, old time and jazz-inspired stringband music. The live quality of performance resonates throughout with lightning fast instrumentals and tight vocal harmonies. Jack trades sophisticated riffs with Katey reveling in jazz-inspired call and response techniques. Its easy to see why older musicians seek them out to play with-their performance tends to ratchet everyone up. -New York Daily News Rarely do you get to hear real music, recorded in the studio the way it was actually played. -Walter, Cross Roads Music
