

Mp3 Tierra Del Fuego - The Great Saturday Night Swindle

[DOWNLOAD HERE](#)

Think pre-rock Americana mixed-up in a bizarre love quadrangle with Dixie jazz, the British invasion, and the punk explosion. 9 MP3 Songs COUNTRY: Country Folk, ROCK: Americana Details: Tierra del Fuego hails from the sweltering American Southwest, where hot dusty eves are spent pickin, drinkin, and singin sun-baked, busted-radiator mesquite rock. This cactus core seems to have come straight out of a bygone era of lost souls scrounging for whiskey n pills n twenty dollar bills. Think pre-rock Americana mixed-up in a bizarre love quadrangle with Dixie jazz, the British invasion, and the punk explosion. Shakybootslikens the sound to a front porch of friends in Appalachia singing about their lives and toil as the clouds pass by in happy acknowledgement of the human condition below. Tierra del Fuegos debut album, The Great Saturday Night Swindle, features quality songcraft, big steel guitar, beautiful harmonies, and infectious melodies that invite you to sing along.
