

Person In The Shower Sound Effect (sfx Wav)

[DOWNLOAD HERE](#)

This 3min 47" file was recorded in a small tiled shower, and contains the following: 1. Shower lever turned on 2. Water runs for a while until hot (empty shower) 3. Shower curtain opens 4. Person gets into shower under shower head (can hear the water is not falling directly onto shower tray) 5. Shower curtain is pulled closed 6. Showering SFX, scrubbing of wet skin etc 7. Shower turned off 8. Open shower curtain 9. Get out of shower This was all recorded without the sound of the ventilation extractor fan running. This is available to purchase in file 'Shower Extractor Fan sound effect'. Also in this series is 'Shower curtain on metal rail opening / closing'. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
