By Grabbing The Full Master Resale Rights To 6 Brand New Potential Hot Sellers That You Can Turn Around With Them And Rake In Massive Profits... Selling These Products in Your Name! Dear Professional Marketer, We all know that video and audio are a TON more profitable than just your average information product, or product manual. That's why it is so important to incorporate video into your everyday marketing, and at the least audio so that your readers can really connect with the product. Especially if they are going to resell the product that you offer them with Master Resale Rights! Today you have a chance at a BRAND NEW RESELLERS KIT specifically designed to help you get your hands on quality video & audio products that WILL SELL FOR YOUR CUSTOMERS! This means that they will view you as an expert because of the money you generated for them and they will keep coming back! What else does this mean for you? Not only can you make up-front sales, you can: Decide how you want to make back-end income, Sell the product at a higher price by offering its Resell Rights and/or Master Resale Rights! Watch and listen offline If you have a collection of them, you can run a limited time sale by

selling ALL of them in one package (JUST LIKE THIS ONE!!) These are some prime examples but you get the idea. In short, these are what good stuff profit-pulling power houses are made of! "While Selling Your Own Products Is Cool, But There's Still A Huge Problem... " ... And it's called product development. You need to have a flair for writing to begin with. Then, you need to be an expert or reasonably knowledgeable in your niche. And speaking of niche, there's also niche marketing research. All these consume weeks to even months of your time! Sure, you've heard of marketers outsourcing their writing work to ghostwriters, but how much can you really afford? "Aww great... so what other options do I have?" you ask. "Now What If I Tell You To Give Up Your Product Development Completely? Because..." ... I am giving you the ****Full**** Master Resale Rights to my latest collection of not one, not two, but 6 brand new, smoking HOT Video/Audio Products... that you can sell with your name on it! You see, I understand how you and many other people feel about creating products. They are a chore. And that spells a bore. So what I did... I've taken the liberty to acquire the video and audio products, E-Covers and graphics for you... so you don't have to! And the best part is that I am dropping them all on your lap... I've taken the time to make up the professionally written sales page, graphics, and put it all together with specially researched video and audio products so that you can begin to profit right away! "Before I Go Into That, Let Me Show The Full List Of Video & Audio Products That You Will Be Selling In Just A Few Minutes..." License Description: There are many talents in the world of freelancing but why is it that there are those who are struggling to make a few bucks and make end's meet? And then, there are those who are being paid DOUBLE the average fee set by the industry, yet being paid willingly by clients? Secrets to Doubling Your Freelancing Fee reveals the little known insider methods to finding clients and get paid twice as much legally - without putting in extra effort, extra time or extra commitment on your part. And of course, do this without resorting to cheating anyone (because we hate that very much too). Sneak Peak: In This Course, You Will Learn: * How to alter your position in the market - leave the basement price fighting scene and elevate yourself to a new class of clients! * How to quickly and easily get and pre-qualify clients - a simple under-the-nose method to getting the kind of clients you want to work with (and not

those who want to milk your time and effort for what it's worth in exchange for chump change!) * Easy negotiating tactics to doubling your freelancing fee without risking the client feeling cheated! And no, you don't have to 'add more hard work' just to justify the price! Here's what you receive in this package: Time Length: 18 minutes 51 seconds * Audio Product in MP3 format * Presentation in Video format (Flash) * Written Transcript in PDF * Product E-Covers in JPEG format * Transferable Master Resell Rights License Description: With everyone parroting the bad news that "the sky is falling" in the stock market and the failing economy worldwide, developing your own Financial IQ is more important than ever. The conventional schools and hall of academics recognize only IQ, fewer people had the interest to develop their EQ (Emotional Quotient), and Financial Intelligence is severely neglected. It's no surprise why many nations today are crumbling owing to poor money management habits. Developing a stronger understanding about money and how it works doesn't have to be necessarily difficult. In fact, it's NOT rocket science. Sneak Peak: In This Course, You Will Learn: * How to start your journey towards achieving financial freedom following easy beginner steps - as long as you know elementary school math, you too can start taking control of your finances as early as today. * MONEY redefined - some believe that money is the root of all evil. Some believe that it is nothing more than a currency. But the really rich people see something else different about money. * GOAL SETTING 2 models in earning your wealth. Which one are you? * The 1 and only rule of self investment - the Aberdeen Asset Management preaches their own set of 10 rules to smart investing. But for beginners, you only need to follow one rule of investment. * The DEFENSE tactic in money management - what to do before learning how to make money. * Easy method to watching and accounting your cash flow on a daily basis - most people have no idea how much money they keep. It's

embarrassing because even those who are making a lot of money every month often find that their bank balance doesn't show for their hard work. Keep tabs of your cash flow starting today quickly and easily. * Investment vs Expenses - how would you know when you're spending money, or when is it genuinely an investment?
