Some might feel they re too squeamish to witness the actual birth. Others are afraid they won t be able to effectively provide support to their partners. Most of the time, the hesitation these men feel stems from the possibility that they are basically clueless when it comes to the miracle of childbirth. That s Why This Book Is So Valuable To You! With A Guy s Guide to the Delivery Room , we ll make you more informed about what to expect when SHE S expecting. But once you're equipped with information on what's happening, you'll find yourself dreading that part a whole lot less! You're going to be hearing a lot of stories from other guys about their own experiences in the delivery rooms. Likely, this will not only add to your own anxiety, but it will have you confused about whether or not you can handle the Delivery experience. But You Can And We Will Show You How! Somewhere along the line men were labeled with the stigma that they are uninterested, unsympathetic, cavemen, who care nothing about their pregnant wife or what's going on with their child.
