Each original song on "Quiet the Stones" shows the joy that comes from knowing God, or the pain felt without Him. Rockier tracks like "Epiphany" "He Doesn't Know" are intimate windows into the real pain we feel when the people we love can't love us enough. The danceable "Sugar Daddy" is a cheeky take on the way God provides for us, and "Betta Know" is an R&B flavored anthem for all those sassy Daughters of Zion who are waiting for their "Jacob". Annie's influences include Paula Cole, Aretha Franklin, Sarah McLaughlin, U2, MaryMary, S.R.V., John Lee Hooker, on and on. She sweeps you in with powerful vocals, sensitive phrasing, and a message to back them up.
