A wonderful children's story and fun for the whole family. A great new twist on an old story, the true meaning of Christmas. 8 MP3 Songs KIDS/FAMILY: Children's Storytelling, KIDS/FAMILY: Kid Friendly

Show all album songs: The True Story of the Twin Santas Songs Details: This is a story that most people dont know about the story of the two Santas. You see, its like this: There hasnt been just one Santa all this time; instead, its been more like a kingship or lineage kind of thing, a passing on from father to son. Father teaches son, son grows up and has a son, and passes on to him the trade of being Santa. So this is how it was one child, born to one Santa, again and again for hundreds of years, until one day not long after Christmas the Claus family was blessed with twins. But everyone knows there can only be one Santa. So what to do with the other the second place Santa There's always the "south office." The elves are a little bit edgier, (one with "red rage") the food a little more "creative" and just one product (coal) for the customers, (bad kids). Finding the true meaning of Christmas where no one, not even "Santa" expected it.
