Spanning various genres, but primarily, fresh Christian pop with a dash of 'old school' soul for good measure. 12 MP3 Songs POP: Piano, GOSPEL: Contemporary Gospel Details: While DOUG DEB are busy working their "day jobs," they frequently dreamed of taking their passion for music and desire to provide an encouraging message to their community world. Accordingly, DOUG DEB decided to produce their first joint album, ONE BODY by the end of 2006. Several of its songs were submitted to the internationally acclaimed songwriters contest, SONG-OF-THE-YEAR, wherein each received various awards recognition, including "Runner Up" in Feb 2006 and "Suggested Artist" for Oct 2006. The theme of ONE BODY is Gods social spiritual plan for all of us - - that we peacefully work together, regardless of our differences. Just as our many distinct body parts seamlessly work together, so should we. DOUG DEB hope you enjoy the freshness of their sound relevance of their message.
