Show all album songs: Wounded Warriors Songs Details: This is a new c.d. by Howard Hinkley honoring our armed forces. No political message, just thanking our Vetrans and active duty forces. All song were writen by Howard and Flora Hinkley. Track #5, is "Daddy,Where Is Iraq?" Our grand son, Alex Hinkley,who is 7 years old,sang with Papa on this one. We did it at "Flodfest Music Festival" in Nebraska. Everyone loved it. We were on "Nebraska-TV" doing it. No matter what you think of the war,or what your political thoughts are, Our military needs to be honored for their service. We have tried to do that with this C.D. We hope you feel the same way. I always try to go up to the soldiers I meet on the street and just say,"Thank You Soldier" Where would our country be today, if not for our military? The title song on the C.D."Wounded Warriors" is about how our soldiers are treated sometimes when they come home after being wounded,fighting for our freedom. So many times, Thats not to good. "OlCountry" is a resitation about an ol country boy that loved America. We hope you enjoy the new C.D. GOD BLESS AMERICA!
