Musically described as Rock meets The Blues with a twist of R/B. Lyrical content derived from true experiences, ala Bruce Springsteen. 'If there's anything to be said about the nitty gritty sounds of Jeff Fetterman it is that he can actually play a guitar...with it's Stevie Ray Vaughan meets Eric Clapton influenced sounds, Jeff Fetterman's honesty and heart prevail through his music proving he's an ordinary man with a passion for rock and roll.' Byron Nash, Pittsburgh's Rock-n-roll reporter 'Long Hard Road features bluesy harmonica,gritty vocals, and surprisingly soulful back up female vocals...The songwriting is perfunctory at times, they go where you expect, He puts a lot of Springsteen styled heart into charging tunes like Hellbound Train, Ride With the Wind,and sparkling Real Love... I'ts Honest stuff' Dave Richards, Showcase Magazine, Erie,P.A. garageband.com/artist/jeff_fetterman_band jefffettermanband.com
