New indie artist with nice vocals phrasings and Guitar rifs that reflect a hint of early Jimmy Page. These five songs are pretty inside stuff. Check out The Living Room and When Love Fades. Blue Stuff.... 5 MP3 Songs BLUES: Rhythm Blues, URBAN/R&B: Rhythm Blues Details: Often I am asked how long I've been playing the guitar. I usually respond with this story. I started playing the clarinet when I was in 5th grade. I just loved it. I would play everyday. Do my lessons and always looked for more difficult music to play. I was playing in the 1st chair in 6th grade but when I arrived to 7th grade I was put in the 4th chair playing quarter notes. I managed to do that for the first quarter of 7th grade then I approached my band instructor. I asked him if I could play the 1st chair and he promptly replied "No." I responded quickly by saying "but I can play the 1st chair music! Again he responded that I could not. Boy was I confused, but I was persistent..... Check out my web page for the rest of the story.
