Alternative - adult contemporary songs, featuring powerful writing and tantalizing acoustic and electric instrumentals. 10 MP3 Songs EASY LISTENING: Mature, FOLK: Folk Pop Details: Russ Pennavaria creates music to live by. Listen to this CD. This Oregon based pianist/guitarist/vocalist/writer has 6 independent releases to his credit. This, his very first release from the winter of 1992 (originally recorded on analog systems - many years ago), lays the groundwork and the direction for his next five record projects. Voicing a strong instrumental presence and interesting songwriting, albeit embryonic and electric in nature, this debut album surely foreshadows the next several years of Pennavaria's recording career.

Featuring - harmonica aficionado: GLEN WOODLAND
