One of the 32 finalists in Kerrville Folk festival's 2004 New Folk Emerging Songwriter competition 13 MP3 Songs FOLK: Folk Pop, FOLK: Modern Folk Details: This Husband and Wife duo packs a punch in their live performances with their above the norm vocal harmonies, tasteful, and exceptional approach to their acoustic guitars with Michelle's aggressive rhythm on her hand percussion. As Phil Maas From KUNI Radio puts it.. " A Big Sound in a Small Package!" Simply put... but very true and to the point. They make you feel like their singing to "YOU" in your living room. Comfortable, relaxed and real. Why not? That's who they are. "The Dalziels pack more musicianship, positive energy, and amazing personality into their shows than any two people should have; much less, have enough left over to share." "After listening to the Dalziels, you feel good about acoustic music, and about yourself." "It's amazing to hear how much sound the Dalziels produce. It's more amazing to see the energy and enthusiasm they put into their shows. It's even more amazing to realize that they consistently deliver that same level of sound, quality, energy, and enthusiasm night after night, show after show."...- Compliments of Maurie Grafton, heartfelt words. The Artful Lodger Bed and Breakfast / folk venue.
