Vette. Sexy, smart, provocative, tantalizing, trippy indie pop with velvety lyrics, melodies and textures. Moody indie rock, laced with some vintage sounding 80s textures, intense guitar solos and hypnotizing vocals. Don't miss this debut release by VETTE 7 MP3 Songs POP: with Live-band Production, ROCK: Psychedelic Details: This provocative, sexy, indie queens new EP feels like a midnight ride through the mind of a true star gazer. Like other sounds that came before her - Portishead, early No Doubt, Elysian Fields, and Goldfrapp - Vette has found a way to combine sometimes dark, sometimes flirtatious indie pop with rolling waves of velvety sound. The 7 song ep was produced by Eric Peterson / Anechoic Studios, LA, and mastered by Robert Hadley at The Mastering Lab, Hollywood, Ca. All photographs were taken by Kelsey Bennett, and cd design work done by Aruna Naimji. Special thanks to the artistry of guitar player, Josh Klein.
