Google Plus is growing like wildfire and has just reached 100 Million users as of March 2012. It's safe to

say that Google Plus is well on its way to becoming the next facebook! Google plus provides a viral method of getting targeted traffic back to your site as your posts can be shared with thousands of other G+ circles. Google + improves your search engine rankings as Google keeps track of your +1s which in turn will improve your page rank, the more +1s the higher your page rank will be... Google plus sharelock is a wordpress plugin that uses content lockers and a traffic pop feature to force your visitors to +1 your content before it can be viewed. You can place as many as you like on any post or page, it doesnt matter. You can even place them on a download page to force a +1 before your customer or prospect can download a product or free report you might have, anywhere you can think of. Some of the awesome features of this plugin: A traffic pop up box complete with optional timer and close button Add the URL you want visitors to +1 Force your visitors to +1 your content before entering your site 7 content lockers to hide your content within any post or page Includes 7 different skins to fit your design and style Easy shortcode setup right from WP editor Add any message into the content box that you want to display And much more!
