First among the ancient classics, the I Ching or Book of Changes is one of the world's most influential books, comparable to the Bible, the Koran, and the Upanishads. The I Ching's purpose is universal: to provide good counsel to its users in making decisions during times of change. Since its origins about 3,000 years ago, it has become a compendium of wisdom used by people of many cultures and eras. This groundbreaking new translation by Dr. Margaret Pearson is based on the text created during the first centuries of the Zhou Dynasty, study of documents showing how it was used in the dynasty, and on current archaeological research findings. Her translation removes centuries of encrusted inaccuracies to better reveal the I Ching's core truths for today's readers. Whether you are interested in trying this millennia-tested method of making wise choices or in understanding the world view of the early Chinese, this edition is essential reading.
