

Mp3 Adam Weinberg - On The Seventh Year

[DOWNLOAD HERE](#)

"If Leo Kottke spent more time with John Zorn, and let Tortoise produce his CDs, you'd be close to the sound Adam has created. A beautiful sense of harmony, finger-style, and a touch of electronic swells and swoops to tickle your subconscious." 10 MP3 Songs WORLD: Judaica, ROCK: Acoustic Details: Adam Weinbergs sound lies somewhere between the market places of the Middle East, and the hill tops of Americas Midwest. Once described as, Leo Kottke writing with John Zorn and producing with Brian Eno, Adam creates an emotionally uplifting and contemplative world with nothing more than his guitar. On the Seventh Year is a heartfelt and powerful expression of Jewish-roots themes approached with true modern invention, as subtle electronic swells-and-swoops emerge from within to tickle your subconscious. During the past year, Adam has brought his unique approach to finger-style guitar playing on stage with Matisyahu and with Brazilian percussion hero Cyro Baptista. Ultimately, On the Seventh Year is the story of a traveler making his way from the heartland of America to the back alley streets of Jerusalems Old City...come along for the journey.
