Using acoustic stylized guitar, with rhythmic drums and eastern sounds, to share the message of God's love. 9 MP3 Songs GOSPEL: Contemporary Gospel, WORLD: Asian Details: My ministry is more than just music! Music has been a part of my life for as long as I can remember, but it has not always been the focus of my life. God has been calling me to share in His ministry for quite a while now, but I have not always listened. A few years ago, I finally answered the call to use the gifts I have been given to further the Kingdom of God. It is not always easy, in this society that reveres the young, to start something in your "middle years". But I always remind those that I come in contact with that God is always calling us, we as Christians do not get to retire. We are never too old to do the work of the Lord. My husband David and I are in this ministry together as a team, and I am grateful that we have the chance to serve together in this way. I had the opportunity to record some of my original music onto a CD this last year; a fun but daunting project. Recording was a totally new experience for me and I was excited to have the chance to be able to share music in this way. I am grateful for the opportunity to share with you today and pray that you are blessed by the message and music. Blessings to you, C/r I have an acoustic style of music that concentrates on the message of the lyrics. I bring excitement, joy and passion, as I try to creatively deliver insights born out of my real-life struggles, in an attempt to share with those I meet. My concerts serve as a platform to remind believers of the partnership nature of growing in Christ. I've discovered that I'm in business WITH the Lord, and that we all have an active role to play in our spiritual and emotional maturity. I continue to learn what it means to work out my salvation with fear and trembling. My programs are designed to fit into a worship setting, and are 52-55 minutes long. They include MUSIC, MESSAGE and an informal CALL TO ACTION. However the programs can be adapted to fit into the time frame available at your church. Contact me for more information because I would love to come to your church to

share my ministry with you! CURRENT PROGRAMS Lifes Unexpected Curves- Life does not always turn out as we expect or anticipate.
