Poems of Curley Fletcher, legendary Western poet, put to music, with spoken word by Duane Rossi. 18 MP3 Songs COUNTRY: Western, SPOKEN WORD: Poetry Details: Fiddlin' Pete uses his musical creativity and talents to give us a brilliant, imaginative interpretation of one of our all time great Western poets and song writers, Curley Fletcher. In the spirit of Fletcher who often had others write the melody, Pete has adapted Fletcher's word rhythm to his own musical melodic expression. This collection reflects the diversity of Fletcher's poetry and songs as heard in "The Tome of Time" contrasted with "The Wild Buckaroo." Thanks, Pete; I believe Curley Fletcher would admire and appreciate what you have done.
