This project is Franco's first ever new age release, with two other releases scheduled for 2007. Franco C. Di Marco is an independent artist with his own state of the art recording studio and record label, Productions NIU-VIU. This forty year old native Montrealer has been composing and producing instrumental music for over twenty years now. Influenced by the likes of Kitaro, Yanni, Tangerine Dream and many other electronic music pioneers, Franco decided at a young age to venture into sound synthesis and synthesizers. From there, Franco was invited to re-edit and remix projects for friends and colleagues in the music business and has been ever since. Franco's musical talents range from keyboards to drums and percussion. Franco's personal projects range from pop-rock to electro-dance and from electronic to eclectic. Franco is currently producing several Montreal artists ranging in genres from hard rock to hip-hop and reggaeton. With such a diverse ear, Franco still enjoys producing his own brand of sensual instrumental new age music the most. Keep checking in for new updates from Franco here regularly. Franco would like to personally thank you for purchasing his first release Sensual Relaxation and feel free to send him your comments via email at niuviu@hotmail.com
