A smoothing layback sound from the East that can fill your home. with an undemanding love. 8 MP3 Songs POP: Folky Pop, FOLK: Gentle Details: goodmorningloria is a group conceived by singer-song-writer Gloria Tang, 90's Hong Kong indie band huh?! vocalist Edmund Leung, and graphics designer/ visual artist tamshui: at the end of 2003. goodmorningloria's first project-- EP began with a cluster of doubts about music production in Hong Kong. It took up a bit of hope, a bit of faith, a bit of trust, a bit of love, a bit of air, on the way, and of course, troubles, too. It has come out now as a fusion of music, words, images, in a double- a CD in a little red book. Let's say it aims at hugging--- "Stay cool to keep warm," says it.
