Futuristic Hip Hop with an Electronic flavor from the San Francisco Underground, He3 swarms stars as it shatters perceptions and preconceptions. 5 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: Trip Hop Details: //// He3 = Helium 3 = The Future Now //// San Francisco's future energy source drops in the form of He3, bringing MC's Tendrizer, Non-Repro, and Opt Rhyme out of the time fold to wreak verbal havoc. Quake Trap delivers another dose of electric thump to swarm stars and shatter the perceptions of the Hip Hop Underground...it has begun. Read on. /// Emcees from which dimension? / Tendrizer reprises his role as the Godfather of Bay-Hop by bringing to He3 the freak element, the bump of techno-fried gravy, and verbal inversions that distress the weak. / Non-Repro, the black hole assassin, was activated from the nebular catacombs by the hyper-code Manatee. Emerging from the Quake Trap quadro-funk...linked into the He3 audio drive... equipped w/ his trusty mic-saber, da Non drops interstellar vocals over quasar beats. / Opt Rhyme brings his razor sharp verbal steel to cap off the triple threat, hitting the SF Bay via the Banarnar Crew based out of Chicago (with SoulStice, Essohess, and Doomsday). // Produced by Shaggy Manatee, Thumbtack Smoothie, and Yoko Solo...this is a truly new Hip Hop hybrid from an unusual energy source. // Check those MP3s right now before Clear Channel envelopes your soul and shatters your last ounce of free will. //// Speaking of free will, ask yourself this: How much of it do you truly have? You have landed here at this point in time, here at this small spot....reading tiny bits of digital information kept in some strange memory storage unit... looking for music, diversion, something to renew and replenish your skull. Did you get here? Did this moment right now really happen? Now, or then, or in a future moment? What is happening? What is "IS"?
