A bunch of beautifully crafted melodic pop songs with a unique flavour. These diverse tracks showcase great songs with a mature vulnerability to them that demand your attention. 10 MP3 Songs POP: Pop/Rock, ROCK: Country-Rock Details: Over the last few years Syd Young has been busy writing songs and documenting them in his small home studio. When he finally made the decision to record them, he played them to some people and they quickly hooked him up with well respected Australian musician/producers Matt Fell and Sam Hawksley, who took on the project and quickly and efficiently got it onto disc. The result is Syds debut album Dirty Life recorded in two main sessions. A resident of Sydney, Australia, Syd grew up in a musical family and has always played guitar and written songs. After graduating from the Sydney Conservatorium of Music, Syd began playing solo as well as in several bands to earn his keep, before venturing into the studio with a batch of his original compositions. Syds debut album Dirty Life showcases the quality of his songwriting and distinctive voice. This particular batch of songs came together pretty quickly. After recording the first session, I went home and wrote about another 12 songs which we narrowed down to 6. There are a few songs about people I know such as State of Grace, Dirty Life, and Written all over you, and several about my experiences and sense of world weariness at the time such as Invisible, Nowhere to go now, and Ridicule. There are also a couple of songs about relationships such as Tuesday and Pull off my skin. It has certainly taken me a while to get this album released but its good to have it done and to finally let some people hear it. People who are interested in Matchbox Twenty Crowded House Jack Johnson should consider this download.
