Year after year playing small rooms, tiny stages, humping equipment, 3:00AM tear downs, shitty sound systems, poor equipment, no equipment, club owners with sound decibel gauges, rude drunks, power failures, tip jars, dive rehearsal studios, sweat, blown out ear drums, Mustang Sally, leaky roofs, 5 hour gigs, 100s of were not interested, flakey musicians, squabbles, brawls, and lack of sleep. And then out of nowhere, in the blink of an eye, its a warm summer night, Portland, touring with Dwight Yoakam, the house lights go down, the room erupts, then goes quiet, 1500 people packed like cattle stare at the stage, Jim slides on to his thrown Ladies and Gentlemen, from Southern California. Give a warm welcome to THE KELLY BOWLIN BAND!!!! Thats it in a nutshell. Thats where we are. Thats where weve come from. Were a Roots Rock Band. We play hard Americana. We use Mandolins, Fiddles, Acoustic Guitars, and an occasional Accordion right beside booming Drums, Fender Strats and Marshall Half Stacks. Polished but wonderfully noisy! Somebody likes us. Without the support of substantial radio airplay, weve been selling CDs all over the world yea thats world. Stick around long enough and youll be hearing from us one way or another. Weve come this far. Were in no hurry And. we do have a few things to say.
