

## Mp3 Zunzun - Flabbergasted

[DOWNLOAD HERE](#)

Zunzun's premiere CD. Winner of the Children's Music Web Award for "Best Classic Multilingual Album". The album is geared for young people and the young at heart, with songs about the environments of the Americas and other themes as performed on the many 16 MP3 Songs KIDS/FAMILY: Kid Friendly, LATIN: General Details: ZunZun is a performing arts group that celebrates the environments and cultures of the Americas through music. They are multi-instrumentalists, who during their performances use as many as 25 different instruments. Most of the instruments are of Latin American origin. ZunZun has been very active in the environmental field, specifically environmental education. They have created songs and shows about water pollution, recycling, rainforests, watersheds, oceans, endangered animals and water conservation. They have worked with World Wildlife Fund, United States Peace Corps, Watershed Watch, The Recycling Group, Monterey Bay National Marine Sanctuary and county water districts and solid waste departments throughout California.
