Brand New 75 Minute Video Series Takes You By The Hand And Shows You How To Create A Viral Video Blog In Less Than One Hour Using Only Free Resources Dear Friend, Have you ever wanted to have your own video site but you didnt want to spend hundreds of dollars on a script or you didnt know how to set one up? Well - I have the perfect solution for you.. You can create your own video blog that looks like THIS in as little as 30 minutes after watching the videos. I have created a system that shows you how to put together a VIRAL video blog. The first day that I put up my new blog I got hundreds of hits by using these methods. This is a complete nuts to bolts system that is shown to you in a 75 minute video series that you watch in your browser. Rather than purchase a script for hundreds of dollars we use a wordpress blog with a customized template. (included). The setup process is simple. You just upload the zipped file to your host and follow the instructions. All you require is a linux hosting account with CPanel access. If you dont know what that means dont worry. We will show you where to get it for less than \$6.00 per month and well show you what you need to know to use it. The system shows you how to make it viral by creating your own videos (no camera needed if you dont have one) and getting them seen.

This will lead people back to your blog. Do you see the potential here? Your blog is monetized in two different ways to make you maximum profits. There are several strategies for you to use to get the traffic to your blog. You will need to build up the content of your blog and get return visitors to increase your earnings. The more returning visitors you receive the more money you will make. I will show you how to get visitors to your blog and keep them coming back. As the size of your database of videos gets larger your visitor count will increase. You only need to spend about a half hour per day working on your blog once it is set up. Niche Video Empires Includes Everything You Need To Get Started Today! Here is what you receive with the package... 1. The Wordpress Blogging Software With All Required Plugins 2.
