

The Story Of Baden-powell - Harold Begbie

You will be the first to grant me, honoured sir, that after earnestness of purpose, that is to say "keenness," there is no quality of the mind so essential to the even-balance as humour. The schoolmaster without this humanising virtue never yet won your love and admiration, and to miss your affection and loyalty is to lose one of life's chiefest delights. You are as quick to detect the humbug who hides his mediocrity behind an affectation of dignity as was dear old Yorick, of whom you will read when you have got to know the sweetness of Catullus. This Yorick it was who declared that the Frenchman's epigram describing gravity as "a mysterious carriage of the body to cover the defects of the mind," deserved "to be wrote in letters of gold"; and I make no doubt that had there been a greater recognition of the extreme value and importance of humour in the early ages of the world, our history books would record fewer blunders on the part of kings, counsellors, and princes, and the great churches would not have alienated the sympathy of so many goodly people at the most important moment in their existence-the beginning of their proselytism.
