Reformist Acoustical Rock 17 MP3 Songs Rock Acoustical, Rock Reformist Rock Isle of Glaze Songs  
Details: A fusion of new age soft rock and multi-layeredness of classic rock production. Imagine James Taylor getting together with David Gilmore, or Crosby Stills and Nash arranged and produced by members of Genesis... or Jethro Tull. Oh, a bit of understated sensitivity alla George Harrison. The phrase can also refer to our modern world, with steel and glass dominating our lives and lifestyles. Finally, Isle of Glaze hints at ourselves as individual human beings--we are islands, both isolated and transparent in many ways. This recording is considered a collection of songs. In this time of single mp3 downloads and streaming audio, this recording is meant to be listened to as a whole. I'm suggesting that you listen to this recording a few times as you might usually listen-as background music while you do other things. After a few listens, sit or lie down and relax, turn the lights down, turn the music up, close your eyes and LISTEN... Most of all, enjoy! It is, after all, only art... Instruments used by Isle of Glaze include the following: Guitars: Guild Acoustical Guitar, Fender Electric Guitar, Godin Electric Bass Guitar, Washburn 12-String Acoustical Guitar, E-Bow. Drums: Drum-Kat Controller, Alesis DM5 Drum Module Percussion: Djembe, Udu, Navajo Skin Drum, other assorted percussion Keyboards: Kawai Controller, Native Instruments Absynth Synthesizer, Unity DS-1 Sampler Bowed Psaltry, Recorders, Pennywhistle, Viola, Flugelhorn
