This urban cowboy and brambly folk is possessed with a gravelly, staggering voice that belies his local roots and meager years, recalling Townes Van Zandt and Bruce Springsteen. 14 MP3 Songs FOLK: Folk Blues, COUNTRY: Americana Show all album songs: Beyond Below Songs Details: The highly anticipated second album 'Beyond Below' is released on Crooked Mouth Records. The 14 track CD album comes with a 16 page-booklet featuring lyrics notes in a clear jewel case with O-card sleeve. Recording for Beyond Below began sometime in July 2006 and finally came to its natural conclusion a year later. It seems like a long time to record what eventually became fourteen songs, but a lot can happen in a year. Like the previous album, Beyond Below was recorded at home in Glasgow. The main change this time though was a step up from a four track to a sixteen track recorder. This allowed the album to have more drive and tempo which was limited on the first album. The end product is intended to be a long-player that picks you up and a little over fifty-seven minutes later drops you off somewhere else with a sense that youve forgotten where it all started. At least thats how Id like to remember it. Thanks for taking the time to listen. Grant
