ROCK: Modern Rock, ROCK: Classic Rock Details: Kissing Fish is the first solo release from Detroit native John Kerr. He teams up with two veteran musicians from the Louisville area, Steve Curtsinger Brent Greco. This CD offers a breath of fresh air to those who are sick of all the pre-fab, soulless, hype based, or money driven music out today. It combines soul-stirring lyrics with a mind opening jam based sound. Although unique, it has been compared to the likes of Pink Floyd U2. Focusing on a cohesive album, as opposed to a few hit singles, Kissing Fish delivers on every track.
