this is digital lo-fi: whimsical, folky indie pop to make you think, laugh, cry and dance. 5 MP3 Songs POP: Folky Pop, POP: Beatles-pop Details: Get a FREE downloadable EP of more original music when you buy this EP! (Details on the inside sleeve.) This CD is the second official release from the Marble Tea, an indispensable collection of five engaging pop sounds from Teahead Knight Berman Jr. Like life, the EP begins fun happy, turns curious, gets a little mad with jealousy, questions its existence, and ends simultaneously sad hopeful. Life in all its rich variety, as Uncle Bill would say. The song "Fantastic Day" was featured in the popular "LittleWalks New York" children's video, and Berman's previous release, the "I'm Batman" EP, was selected as CD of the Year for 2004 at IndependDisc.com. WHAT'S BEING SAID: "...some of the most intelligently written lyrics in pop music today...will have you wondering how all this musical diversity and lyrical genius could come from one man."
