Drum and bass, noise, and chopped up break beats mixed with a deep ambient atmosphere that conjures barren, futuristic planets and pushing back against the daily grind. 10 MP3 Songs in this album (63:13)! Related styles: ELECTRONIC: Drum 'n Bass/Jungle, ELECTRONIC: IDM People who are interested in Paradox Metalheadz should consider this download. Details: Pinecone Moonshine's anniversary release ranges from an acoustic guitar transformed into a harrowing noise assault by Formication to deep, atmospheric drum and bass by Fracture and Indidjinous to alien robot dance music from Takeshi Nakamura to a melodic piece by Sub using minimal synthetic drums. Stylistic differences aside, this is a cohesive collection that conjures gray skies, barren futuristic planets, and pushing back against the daily grind. The originals of all the tracks have also been included plus a bonus dub-style track from NSF Destroy2k. More info at pineconemoonshine.com. All tracks have been mastered by Macc from Subvert Central Mastering.
