Don't Lose Your Favorite Websites! I had searched the net for two days straight finding the BEST prices on parts for my 69 Corvette. There were 30 websites I had found carrying everything you could possibly imagine! I had bookmarked each site in my browser, along with another 100+ websites that I had bookmarked over the past year. Days later, my IE 6 browser suddenly crashed on me. I had to reinstall the browser and lost my 130+ bookmarked favorite places! With "Favorite Places Forever", I could have saved myself a HUGE headache! Keep Your Favorite Places Safe With "Favorite Places Forever"! With this NEW software, you can store your favorite website links within the FPF software itself, or press a button and generate a html page loaded with your favorite places. Save the html file to a disk for a permanent backup. Don't think that your PC or web browser will never crash on you! Murphy's Law...Whatever can happen, will happen...and when you're least expecting it!
