Made famous by the Italian mathematician Leonardo De Pisa, the Fibonacci number series holds a Golden Ratio that is universally found in nature and used by architects, plastic surgeons, and many others to achieve perfect aesthetic proportions. Now, in this groundbreaking guide, noted technical trading advisor Carolyn Boroden shows you how Fibonacci pattern studies can be used as an extremely effective method for achieving greater profitability in stocks, futures, and Forex markets. Fibonacci Trading provides a one-stop resource of reliable tools and clear explanations for both identifying and taking advantage of the trade setups naturally occurring in the markets that will enable you to reach the highest rate of profitable trades. Inside, you'll find a unique trading methodology based on Fibonacci ratios, and the author's personal experience analyzing and setting up the markets in real time, which makes this practical volume invaluable to the self-directed investor.
