

Memoirs Of A Suburban Medium (epub) - Kerrie Jean Erwin

[DOWNLOAD HERE](#)

A child discovers she is psychic! Kerrie Erwin's experiences give us insight into another world - a world that has always been a mystery to most of us. When only a child, Kerrie discovers she is different and is thrown into a world of chaos. However, she gradually learns to work and trust in the gifts that were bestowed on her from the spirit world. This incredible story reveals the ordeals and tragedies Kerrie encounters on a daily basis and how this has led to who she is today - a professional working medium. Share with Kerrie the insights of her life and discover how she embraces her path of spiritual enlightenment - a trail of premonitions, phenomena, haunting and direct contact with loved ones who have passed over to the other side. By reading this book you will gain in-depth knowledge, and understand how responsibility and humility are combined every day so Kerrie can help grieving families. She also uses healing techniques as a tool so people can heal themselves as eternal souls. By using her gift, Kerrie is able to help all types of people who come into her life by giving them spiritual insights, connecting them to their loved ones on the other side and teaching us that death is only a beginning. - From an early age Kerrie was blessed with a special gift. Always concerned about the health and wellbeing of others, she began her working life in the health industry, and worked as a Registered Nurse in Australia and Norway. During this time, she witnessed the suffering of many whose loved ones had died and, as healing on every level has been her motivation in life, it was logical for Kerrie to assist others by using her gift of spiritual mediumship to help them connect with their loved ones on the other side. Kerrie Erwin then became a professional psychic medium and now has many years of experience. She is currently performing around Sydney and Australia in the Rainbow Show, an educational program that teaches that spirit is always with us in our daily lives.
