The Beloved is the music of choice for Healing Touch, for massage therapy, and for other forms of healing throughout the United States and Canada. Dancers of the Flame was also released on CD in 2002. Now a fourth CD, The Journey of Joy, has been written. This music features a drum from Copan, Guatemalen drum, Kurzweil sounds, and original flute from the Mayan lands. The music that Beverly composes and performs tells the story of different aspects of living the fire of creativity, and a joyful, heart-centered life. The Beloved is used by Healing Touch throughout the United States and Canada as music for their foundational work.
