Details: Disgrace By Design is a hard-hitting metal band from Sedalia Missouri. Their style ranges from pounding hardcore to a taste of southern groove mixed with a hint of modern heaviness. The members of this band have been playing music together through various projects for the last 12 years. The most recent bands were Downfall-(Jeremy Brosch-vocals and TJ York-drums). Chuck Lancaster(Lead Guitar), Matt Green(Rhythm Guitar), and Ryan Mullins(Bass) came from the band LEVEL. When the right opportunity presented itself for these 5 talented musicians to coincide with one another something special developed and Disgrace by Design was born. This all star lineup is the best that you'll find in this part of Missouri for the Metal scene. The band has just finished up the recordings to the debut album From the Ashes. This demo is a 10 song wrecking ball that should gain some notoriety and hopefully spring them in the direction of some success. Like any other original band, they just want a fair listen. Disgrace By Design are not affraid of doing what it takes to achieve their goals and fulfill their dreams. They live in the show-me-state and they are ready to show all. You can keep up with what the band is doing at all times by visiting [disgracebydesign.com](http://disgracebydesign.com). Any and all support is greatly appreciated. Thank You!!!
