Wide influences, ranging from T.O.P to Miles to Dire Straits to Steely Dan, spice the Fell Boyzs work. The group strives to draw the best from every style to deliver an originally fiery product. The result is intelligent, independent, accessible diverse 11 MP3 Songs JAZZ: Jazz Fusion, ROCK: Funk Rock

Details: Fell Boyzs - A new sound for the 21st Century Fell Boyzs have been heralded as a sound to be heard! They have been nominated for 3 WAMI Awards (Wisconsin Area Music Industry). They have been voted by their peers to be on a compilation CD to be handed out to Industry Representatives (TV, Movies, Record Lables, etc...). They received a double standing ovation at the prestigious Kettle Moraine Jazz Festival were they performed right before Chris Botti. Fell Boyzs are on the move and heading full steam ahead! Read the reviews, buy the CD and if you don't like it, you can send it back! Now were else can you do that with a new CD? Check out our new updated website at: [fellboyzs](#) See a commercial Zach made for the CD See pictures from Kettle Moraine Jazz Festival Hear samples of the CD And speaking of the CD, the new CD should be ready by fall. *****

The father-and-sons trio that is Fell Boyzs writes and performs genre and generation-blending jazz that highlights a unique sound. Wide influences, ranging from Dave Matthews to Tower of Power, spice Fell Boyzs work. The group strives to draw the best from every style to deliver an originally fiery product. The result is intelligent and independent, accessible and diverse. Releasing its debut "ConcreteDogBicycle", in the spring of 2004, Fell Boyzs continue to build a reputation among industry experts along with a following of fans. Producing music that's rarely duplicated, hard to describe, but easily enjoyed, Fell Boyzs is poised to become a strong presence among jazz enthusiasts. There is magic in the music when Fell Boyzs play! *****
