

## Mp3 Gary Grimes - Starhand Visions

[DOWNLOAD HERE](#)

A singer, songwriter, producer, takes you from Alan Parsons to Styx to Journey, the cd just makes you feel great. You'll play this one over and over again. Great with headphones cranked. 15 MP3 Songs

ROCK: Progressive Rock, ROCK: Hard Rock Details: Gary Grimes is the "Paul McCartney" character in the world renowned Beatles Show titled "1964"...The Tribute.He'a a right handed guitar player,who taught himself to play the Hofner bass guitar left handed to portray Paul in the show "1964"...The Tribute is in their 19th year of performing 150 dates a year around the world to sell out crowds.January 10,2003 they "sold-out" Carnegie Hall in New York City,and are scheduled to play 2 dates there next year January 9th 10th 2004.Check them out at: 1964thetribute.com The CD "Starhand Visions" is the showcase for Gary Grimes as singer, songwriter, arranger, producer. Working with musicians such as Mark Benson (1964...The Tribute), Donny Iris (Ah Leah fame), George Sipl( Eric Carmen keyboardist,Hungry Eyes), B.E.Taylor(BETaylor.com), Pete Hewlitt (backup vocals Carly Simon, Billy Joel),Gary Boggess(Keyboard student of Walter/Wendy Carlos), Andy Kubizewski (Exotic Birds), Frank Pellino(I Don't Care Band Graf),Egor Flagg(Wild Cherry) Gary Markasky (Michael Stanley Band) and many more, the project developed a few styles that remind you of great bands that you've listened to over the years. But amazingly "Starhand Visions" has it's own sound.When you listen to the songs,you get surrounded by the mixes, and taken to a special place.The voices and the music send chills to your soul and your hooked.Amazing on headphones cranked! Released February 9,2002 "Starhand Visions" is getting airplay in Japan,Germany,South Africa and in Canada. That's what great music is all about....you tell a friend....and they tell a friend....pick one up....then get another and send it to somebody that really digs good music.This is a GREAT CD!And they will thank you..... This is a CD that you will play over and over again! Good thing it's digital,and you can't wear it out because.... beleive me.....you'll try!
