An often intense but slightly laid back series of soundscapes which, if you allow, will pull you into its own universe of thought and feelings. 14 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Ambient Details: Kurt Anderson's first release Pangaea has received fantastic reviews from across the musical spectrum. The New Age Retailer magazine says it's "mind bending". Ambientrance says: "Shines with tantalizing ambient lightness. Guitar sounds are generally slurred beyond distinct shapes, free flowing into Pangaea, a sedate world of introspection." Aural-innovations says: "Anderson paints his soundscapes with only guitar and treatments. Mostly improvised, Anderson's explorations range from the lush and dreamy to the cool and minimalistic. Although he's a solo guitarist, he rarely uses his instrument in the traditional "solo" sense. He uses it instead to construct impressionistic sonic scenery that touches upon a wide array of emotions: wonder, sadness, fear, and a peaceful kind of joy." Amazing says: "working sound in a minimalistic manner by means of his guitar connected to various electronic devices, Kurt Anderson projects dense musical beams into immensity. His style, mysterious, near to Space Ambient, is mainly based on complex architectures, which favor the perception of the themes as unique sound entities, without individualized elements."
