Piedmont Gumbo. Acoustic blues played on bottleneck slide guitar with raspy southern vocals and some back porch harmonica thrown in for good measure. 10 MP3 Songs

BLUES: Acoustic Blues, **BLUES:** Delta Style Details: "Big Doc - Little Doc" has the sound of old fashioned blues. Doc's lyrics come from personal experience and are rooted in the latter half of the twentieth century but have a timeless quality that never sounds dated. Expect plenty of bottleneck slide guitar and harmonica. Doc loves to play them both. Don't expect no sweet stuff here. These songs are about the harder side of life. Raw, rough, and emotional. Some people say the blues makes them sad. Others say it has a comforting effect. Either way they feel better for having listened. So pour yourself a nice refreshing drink, pop this CD into the stereo, kick your shoes off and relax to the sound of Little Doc's blues to calm the body and soothe your soul.
