Solo artist who writes moody, sophisticated and hauntingly melodic pop/rock with smooth, soaring vocals. 10 MP3 Songs POP: Today's Top 40, ROCK: Acoustic Details: Paul Stephen Duffy is a new singer-songwriter whose debut CD, "P.S.D./Remedies and Colors" is an all-original blend of moody and hauntingly melodic pop/rock. His lyrics are introspective, and his smooth, ethereal vocals will guide you on brief mystical journeys. His highly original sound is defined by acoustic and electric guitars, keyboards and what is sure to become his trademark-smooth and soaring vocals. He uses the recording studio as a musical canvas, painting pictures of imagination and musical depth. His main influences have been many: Van Morrison, Fleetwood Mac, Byrds, Cranberries. You may hear tastes of them all, but his sound is all Paul Stephen Duffy! It is a must to hear! Happy Listening!
